Navigate from the Home Page

The HSA Bank Home Page will be displayed on your screen each time you log into the site. Each tab from your Home Page offers an easy-to-use navigation system for viewing information on your account.

- The left side of the Home Page provides “I Want To...” links to take actions related to your account:
  a. Pay Bill/Contribute (Contribution or Withdrawal)
  b. Manage Investments
  c. Manage My Expenses

- Starting with the top navigation you may access information via the menu tabs at the top of the screen. Additionally there are a number of quick links throughout the body of each page that will be described as part of each tab.
  - Home
  - myHealth Portfolio™
  - Accounts
  - Education & Support
  - Statements & Notifications
  - Profile

- Your Message Center on the homepage helps you stay on top of your account with a variety of notifications or calls to actions, such as a message to alert you once you are eligible to open an investment account, notice of external bank account that need to be validated, or a link to download the Mobile App. For more information, please see the Message Center section on page 9.
- Click on the bolded text in the message center to navigate you to the page needed to execute the call to action.
• Below your Message Center you will see a snapshot of your 3 most recent expenses. You can click on the ‘View More’ link to review all expenses on the myHealth Portfolio℠ tab.

• Click Pay if you paid out of pocket for an expense and need to be reimbursed or to pay a claim manually. If you’ve already done so, the Status in recent expenses will show as paid.

• At the bottom of the Home page is the Quick View section, which graphically displays key metrics, making it easy to track your contributions to date. You can also assess your saver vs. spender habits year-over-year with the contribution and distribution activity graph.

The HSA contribution and distribution graph reflects the maximum contribution limit based upon a Member’s HDHP coverage level (individual or family). Please contact HSA Bank if your contribution limit needs to be updated to reflect your current HDHP coverage level.
Message Center

The Message Center will help you make the most of your account by highlighting action items, such as downloading the Mobile App to stay connected to your account on the go or confirming a linked external bank account. Clicking on each item will bring you to the relevant page or pop up with more information.

When first opening your account, you may see a message indicating that action is required to finalize the opening of your account.

- This message indicates that HSA Bank needs additional documentation to maintain your open account. Clicking “View More” will provide additional information on why we require this, as well as how to send in your documentation.
