We offer many different plan options to serve the Medicare community and each one can have a different network of providers. Our provider directory guides you through a series of questions before it displays information. Because providers may not accept all plans, answering the questions allows us to better tailor the search results to meet your needs.

Members can receive services from in-network or out-of-network providers and the member cost share will be the same. You may be able to access care from an Aetna Medicare provider by searching in another county close to you. Out-of-network providers must be eligible to receive Medicare payment and willing to treat you. They are under no obligation to treat Aetna members, except in emergency situations. Click CONTINUE TO FIND CARE below to find participating Medicare providers.
