As part of the education assistance benefit, University staff members may enroll for certain job-related courses offered by the Graham School of Continuing Liberal and Professional Studies at no cost. Tuition is divided equally between the University and the Graham School, with the employee’s department contributing a non-refundable administrative fee of $100 or $150 based on the course. Employees may enroll in up to two Graham School courses per quarter under the benefit.

Professional Development certificate courses provide quality career-related education using an intensive seminar format. This allows students to continue developing their careers, broadening their perspectives, and strengthening their skill sets during evening, weekend, and online classes.
